

**NM FLL Los Alamos Qualifier – December 8, 2018  
Champion's Award**

The **Champion's Award** recipient is the total package – the embodiment of the *FIRST* LEGO League vision. The Champion's Award encompasses – Robot Design, Robot Performance, Project, and Core Values.

This award recognizes a team that demonstrates the entirety of the FLL experience, by fully embracing our Core Values while achieving excellence and innovation in both the Robot Game and Project. The FLL experience is more than building robots or attending competitions. It begins with the robot, but most importantly, it is defined by how the children unite to form a team. The program impacts each of them as individuals and as team members.

### Core Values Awards

The FLL Core Values are the cornerstones of the FLL program. They are among the fundamental elements that distinguish FLL from other programs of its kind. FIRST LEGO League presents this award to the team that best demonstrates extraordinary enthusiasm and spirit, inspiration, exceptional partnership, and the utmost respect to its own teammates and in its support and encouragement of fellow teams.

Award	Team #	Team Name	Citation
Core Values	32068	Drama Llama	<i>This is a small, but cohesive team. They had an infectious presentation and put on a good show. You would expect to see them climbing Machu Picchu instead of being recognized for their organization and effective decision-making skills.</i>

### Robot Awards

As **Robot Design** Judges, we look for teams whose design work stands out for innovation, mechanical design, programming, understanding the design process, and . . . overall quality.

Award	Team #	Team Name	Citation
Robot Design	38117	Novatempus	<i>With their durable robot, this "clump" of girls impressed us with their design process. They used not just one, but five chassis.</i>

The **Robot Performance** award recognizes a team whose robot scores the most points during the Robot Game. Teams had the chance to compete in three 2.5-minute matches and their highest score counts.

Award	Team #	Team Name	Score
Robot Performance	5639	Awesome Otters	94

### Project Awards

The purpose of the Project is to show that individuals can make a difference by researching a problem, then contributing ideas and solutions to real-world issues. Conclusions and solutions are the result of working hard to understand the magnitude of a problem through research and hands-on learning experiences.

Award	Team #	Team Name	Citation
Project	5639	Awesome Otters	<i>Many teams have recognized the psychological and health challenges of space travel. This team recognized the healing qualities of a good hug. Their swaddling research led this awesome duo to an innovative sleep solution.</i>

### Global Innovation Candidate

The Global Innovation Award, presented by XPRISE®, encourages teams to expand their innovative solutions to real-world problems. It builds upon the work teams have done for the FLL Project.

Award	Team #	Team Name	Project Idea
Socorro Qualifier Candidate	32068	Drama Llama	<i>Spacecraft Virtual Escape room – A unique, adaptable solution for mental health of our astronauts.</i>
