

Simplified Judging 2018-2019 Pilot New Mexico FLL Qualifiers

Simplified Judging

Our region is participating in a pilot of a simplified Judging approach at all NM FLL Qualifiers for the 2018-2019 INTO ORBITSM season.

During the morning, each team will participate in **one (1) 30-minute judging session**. Bring **all** relevant judging materials to the session.

- There will be 6 Judges in the room - 2 Judges from each of the 3 areas.
- Teams will be asked to give a 5-minute presentation for each of the 3 areas –
 - **Project – 5 minutes** – standard presentation (see the Challenge guide)
 - **Robot Design – 5 minutes**
 - Presentation of the Robot Design Summary worksheet (replaces the Robot Design Executive Summary)
 - There will NOT be a full robot game table, just a small image of the game table which teams may use to explain robot missions
 - **Core Values – 5 minutes**
 - Presentation of the Core Values Poster - Follow the Pilot Core Values Poster-Qualifier guidelines
 - NO teamwork activity
- Q&A - after the presentations, there will be a **15-minute Q&A**, with ~5 minutes for each of the areas

Each pair of the Judges will complete the relevant rubric for their area.
